

Directions During Children's Hospital Garage Elevator Renovations

KEYS TO THE FIRST FLOOR

- Take the F Elevators to access most patient rooms in the Main Hospital and Children's Hospital, up to the Ninth Floor.
- The K Elevator serves only Ground and First Floors of Children's Hospital.
- The H Elevators serve only the Massoud Building.
- The Massoud Building connects to the rest of Children's Hospital only on the Ground and First Floors.
- The A, B and C Elevators serve various floors of the Medical Mall. The address of your destination should be referenced as Suite A___, B___ or C___, indicating the elevator to use. The first numeral in the Suite indicates the floor. (For example, Suite C-920 is on the Ninth Floor and would be serviced by Elevator "C.")
- The G Elevators do not stop on the Fifth Floor.
- A shuttle runs from the Medical Mall entrance on the Parking Garage First Floor and services Elevators A, B and C on the Medical Mall First Floor, Monday - Friday, 6:30 a.m. - 5:00 p.m.

Registration/Admitting	Medical Mall
Registration (Children's)	Children's
Starbucks	Medical Mall
Volunteer/Guest Relations	Whitehall Building

*The Children's Hospital parking garage elevator is currently under renovation. We apologize for any inconveniences this may cause.

We ask families with strollers and wheelchairs to park on the first level of the garage. All other guests are welcome to use the stairwell or walk across the parking garage and use the Erlanger Hospital garage elevator. The Children's Hospital turnaround in front of the emergency room and main lobby is also available to drop off supervised children before entering the parking garage.

There will be signs directing you where to park or enter the hospital. The appropriate routes are marked in BLUE on the map.

NOTE: Take the * elevator to the first floor. Then follow the ▼ arrows to the main Children's entrance from the parking garage.
